2 BASIS OF CONTRACT; INTERPRETATION

- 2.1 These Terms and Conditions apply to the purchase by Haleon from Supplier of Goods and Services, to the exclusion of all terms and conditions which are implied by trade, custom, practice or course of dealing or which are endorsed upon any correspondence or documents issued by Supplier irrespective of their date of communication to Haleon. However, the terms and conditions in any separately negotiated and signed written contract entered into by the parties in respect of the Goods or Services identified in the Purchase Order will overrule these Terms and Conditions.
- 2.2 The Purchase Order constitutes an offer by Haleon to purchase Goods and/or Services specified therein in accordance with the Terms and Conditions. The Purchase Order and the Terms and Conditions are deemed to be accepted by Supplier on the earlier of: (a) Supplier issuing a written acceptance of the Purchase Order; or (b) Supplier doing any act consistent with fulfilling the Purchase Order, at which point the Agreement will come into existence.
- 2.3 By accepting the Purchase Order, Supplier agrees to be bound by the terms of the Agreement to the entire exclusion of all other terms and conditions (including Supplier's terms and conditions or those implied by trade, custom or practice). Where further Purchase Orders are accepted by Supplier, each further Order creates an individual legal contract governing the provision of the Goods and Services detailed in that Order.
- 2.4 Nothing in the Agreement will prevent Haleon at any time from performing any part of the Services or producing the Goods itself or procuring them from a third party, and Supplier is not being appointed as an exclusive supplier of any of the Goods or Services.
- 2.5 No inference should be made from the fact the contracting entity is defined as "Haleon" as to its legal relationship with GlaxoSmithKline plc or any of its Affiliates; and references to "Haleon" infrastructure (premises, systems etc.), personnel, materials and policies and procedures may belong to or be provided by "Haleon" or GlaxoSmithKline plc or any of its Affiliates.
- 2.6 Any words following the terms "including" or "include" will be construed as illustrative and will not limit the sense of the words, description, definition, phrase or term preceding those terms.

3 SUPPLIER RESPONSIBILITIES

- 3.1 Supplier represents and warrants that: all Goods and Services supplied will comply with all applicable Law and Supplier's performance will not violate any agreement or obligation between Supplier and any third party; it has all necessary licences or consents required to supply the Goods and Services and has paid any royalties due to third parties where required; the Services and Deliverables (including the performance and use thereof) do not and will not at any time misappropriate, infringe upon or otherwise violate the IPR or other rights or licences of any third party; and where relevant, the Goods and Services provided to Haleon will not contain any viruses or other malicious code that will degrade or infect any product, service, or any other software or Haleon's network or systems. Nothing in the Agreement will prejudice any condition or warranty, express or implied, or any legal remedy to which Haleon may be entitled in relation to the Agreement by virtue of any Law.
- 3.2 The parties agree to comply with all applicable labour Law in the Islamic Republic of Pakistan. The parties agree that each party's Personnel performing such party's obligations under the Agreement will be employed or engaged solely and exclusively by such party or their subcontractors and will not be employees or workers of the other party. Neither party will be considered a joint employer with the other party with respect to the other party's Personnel. Neither party will knowingly take any action or give any direction contravening the intent of this clause. Supplier agrees that it is primarily liable for any failure in relation to its Personnel to: pay any employee-related taxes and contributions due on money received from Haleon under the Agreement; file all appropriate tax returns and related forms; and make all deductions required to be made by applicable Law. If any claim, allegation or determination is made that any Supplier Personnel acted as an employee or worker of Haleon in performing Services (a "Personnel Claim"), Supplier waives any and all claims that Supplier may have as a result of such Personnel Claim; and agrees to indemnify, defend and hold Haleon harmless from and against any and all liabilities, costs and expenses as a result of, or related to, such Personnel Claim.
- 3.3 The Supplier shall comply with all applicable safety and environmental laws in force in Pakistan from time to time and any and all Haleon policies and procedures. The Supplier shall provide Haleon with a complete list of all chemicals, hazardous materials, and ingredients used or produced in the composition of Goods or used in the performance of the Services hereunder. The submission of such list by the Supplier shall not relieve the Supplier of exclusive responsibility for the transportation, use, storage, and disposal of such materials prior to acceptance by Haleon and or any liability arising from breach of any safety / environmental law in force in Pakistan from time to time. All chemicals and hazardous materials brought by Supplier to Haleon's premises shall bear a label stating the identity of the chemical or material. Supplier shall, and shall ensure that its staff and those of any sub-contractor shall, when working on any site in connection with the Agreement, comply with all relevant environmental, occupational health and safety legislation and any other appropriate standards, policies and procedures notified by Haleon from time to time. Supplier will provide applicable hazard information such as material safety data sheets and will inform Haleon of all regulations and guidance (statutory or otherwise) which Supplier knows or believes to be associated with the Goods and any combination of the Goods with another product. Supplier shall indemnify Haleon and its Affiliates, and keep them indemnified, on demand from and against all Losses incurred or suffered as a result of or in connection with any third party claim arising from Supplier's or Supplier's sub-contractors' actions resulting in alleged release of any waste, hazardous substance or other pollutant. Supplier will endeavour to exceed any statutory minimum environmental, occupational health and safety requirements in accordance with generally accepted best working practices and any specific standards or other requirements of Haleon.

4 SUPPLY OF GOODS

- 4.1 The following clauses 4.2 to 4.5 apply if Supplier is supplying Goods (including Equipment but excluding Licensed Software).
- 4.2 Supplier represents and warrants that: all Goods will be of satisfactory quality, and, where they are manufactured products, are free from defects in design, materials and workmanship; the Goods correspond with their description and any applicable Specification and are fit for any purposes that Haleon expressly or impliedly makes known to Supplier; and at the point that Supplier delivers the Goods, Supplier will be the sole owner of that Equipment and/or Goods and that no other person has a legal or other interest which could mean that Haleon is unable to own the Equipment and/or Goods outright.
- 4.3 Supplier will ensure that at no cost to Haleon, the Goods are packaged and labelled in a manner suitable for transit and storage to enable them to reach their destination in good condition, protected against any unauthorised interference during storage, loading or transport; it will obtain for Haleon's benefit, all unexpired manufacturer warranties relating to the Goods; the Goods are accompanied by a delivery note (and any other delivery documentation specified in the Purchase Order, QAA or otherwise in the Agreement) showing the date of the Purchase Order, the Purchase Order number, the type and quantity of Goods being delivered, the manufacturing batch number and the shelf-life (if applicable) or the manufacturing date, special storage instructions (if any), indication whether the Goods are dangerous or not, and, if the Goods are being delivered by instalment, the outstanding balance remaining to be delivered; and it states clearly on the delivery note any requirement for Haleon to return any Packaging to Supplier. Any such Packaging will only be returned to Supplier at the cost of Supplier.
- 4.4 Supplier will deliver the Goods in accordance with the Incoterm 2020 rule specified in the Purchase Order. If no Incoterm is specified on the Purchase Order, Supplier will deliver the Goods at the time and at the named place for delivery and to the named person for delivery specified on the Purchase Order in accordance with the Incoterm 2020 Delivered at Place ("DAP") rule. Supplier will promptly inform Haleon should there be any delay in delivery. Full legal and beneficial title and risk in the Goods will transfer to Haleon on completion of the delivery of the Goods in accordance with this clause, subject to any contrary term or Incoterm specified in the Purchase Order.
- 4.5 Supplier will not deliver the Goods in instalments without Haleon's prior written consent. Where it is agreed that Goods are to be delivered in instalments, they may (at Haleon's option) be invoiced and paid for separately. However, failure by Supplier to deliver any one instalment on time or at all or any defect in an instalment will entitle Haleon to the remedies set out in clause 8 (without prejudice to Haleon's other rights and remedies).
- 4.6 The following clauses 4.7 to 4.10 apply if Supplier is licensing Licensed Software to Haleon.
- 4.7 Supplier hereby grants to Haleon and its Affiliates a perpetual, non-transferable (subject to the right of extension or assignment specified below), non-exclusive licence (the "*Licence*") to use the Licensed Software and make such copies thereof as may be necessary for its business, security, backup and archival purposes; use the Licensed Software on any hardware platform and in combination with other software; print copies of any user documentation supplied for use in association with the Licensed Software for its own internal use, in which event all proprietary notices on such user documentation will be reproduced; and permit Haleon, its Affiliates and any Haleon Personnel to exercise all of the rights granted to Haleon under the Licence. Where the Licensed Software is owned by Supplier, this Agreement will control over any conflicting terms and conditions set out in any licence terms applying to such software (e.g., shrinkwrap terms). Where any of the Licensed Software is owned or Licensed by a third party, Supplier represents that it has the right to provide such software according to the licence terms and other provisions set out in this clause 4. The Licence will, without requiring the consent of Supplier or entitling Supplier to charge any additional fees or charges, be capable of extension and assignment to any third party appointed by Haleon or any Haleon Affiliate to provide an outsourcing service, facilities management service or systems development/integration service arrangement so as to enable the nominated third party to use the Licensed Software in connection with Haleon's business. Neither Haleon nor any Haleon Affiliate will modify, copy, adapt, reverse engineer, decompile, disassemble or modify the Licensed Software (either in whole or in part) except as permitted by law or under the Agreement.
- 4.8 This Licence entitles Haleon to receive Releases as soon as they are released, free of charge; receive New Versions and associated Documentation as soon as they are released, free of charge; and receive information in relation to new products which may be of interest or use to Haleon, it being agreed, however, that Haleon will at no time be obliged to adopt, implement or use any Release or New Version or to purchase any new product.
- 4.9 For a period of 90 days following the date of delivery of any Licensed Software, or the date of delivery of any New Version or Release (the "*Warranty Period*"), Supplier represents and warrants that the Licensed Software will be free from material defects in design, materials and workmanship and will be fit for purpose and of satisfactory quality; Licensed Software will function and perform in all material respects in accordance with any applicable specification and user documentation; and the media upon which the Licensed Software, New Version or Release is supplied will be free from defects in materials and workmanship.
- 4.10 This Agreement will not apply to the provision of (i) any bespoke or customized software or any software development or (ii) any services to Haleon that involve storage or processing of Haleon Data at a non-Haleon facility, including the provision of cloud or hosting services.

5 SUPPLY OF SERVICES

- 5.1 Supplier represents and warrants that the Services correspond with their description and any applicable Specification and are fit for any purposes that Haleon expressly or impliedly makes known to Supplier.
- 5.2 In providing the Services, Supplier will meet any performance dates, key performance indicators or service levels for the Services as set out in the Agreement or otherwise notified by Haleon to Supplier; perform the Services and provide the Deliverables in a professional and diligent

manner, using reasonable skill and care and in accordance with industry standards and best practices; use Supplier Personnel and duly appointed Subcontractors who are suitably qualified, appropriately trained, experienced and in sufficient number, to perform the Services; provide all equipment, tools and vehicles and other such items as are required to provide the Services; use the best quality goods, materials, standards and techniques, and ensure that any Deliverables, and all goods and materials supplied and used in the Services or transferred to Haleon, will be free from defects in workmanship, installation and design; and hold all materials, equipment and tools supplied by Haleon to Supplier ("*Haleon Materials*") in safe custody at its own risk, maintain Haleon Materials in good condition until returned to Haleon, and not dispose or use Haleon Materials other than for the purpose of the Services.

6 COMPLIANCE WITH LAWS AND POLICIES

Supplier will comply and will ensure that the Goods and Services comply with applicable Law and Haleon Policies and will perform its obligations under the Agreement in a manner which enables Haleon to comply with applicable Law in receipt or use of the Services and Deliverables. The Supplier acknowledges that it has read Haleon's Supplier Code of Conduct, a copy of which can be found at <https://www.haleon.com/who-we-are/Governance/codes-policies-and-standards>, and agrees to comply with its provisions as a material term of this Agreement. Unless prohibited by applicable Law, Supplier will promptly notify Haleon in writing of any investigation or inquiry into any failure of Supplier to comply with applicable Law (including being listed by any government agency as debarred, suspended, proposed for suspension or debarment, or otherwise ineligible for government programs) or any Haleon Policies in relation to its performance under the Agreement.

7 RECORDS AND AUDIT

During the Term and for 3 years thereafter, Supplier will keep complete and systematic records in relation to its performance under the Agreement, including compliance with applicable Law and Haleon Policies. In addition to any audit rights separately agreed by the parties (e.g., in a QAA), during the term of the Agreement and for 1 year thereafter, Haleon will have the right, during Supplier's normal business hours, to audit Supplier's records and compliance with all provisions of the Agreement. Haleon will give Supplier reasonable advance notice of such audit; provided, however, such advanced notice will not be required in the case of audits by regulators, security-related reviews, investigations of claims of illegal behaviour, or where Haleon reasonably suspects non-compliance with the Agreement where instead Haleon will give such prior notice as is reasonably possible (which may be none). Supplier will, at Haleon's reasonable and pre-agreed cost, provide all cooperation, access and assistance (including access to Supplier Personnel and facilities) to Haleon and Haleon's auditors and regulators as they may reasonably require when conducting the audit.

8 HALEON REMEDIES

- 8.1 If any of the Goods, Services or Deliverables is faulty or not in compliance with any warranty in the Agreement, then Haleon will, without prejudice to any other rights or remedies, be entitled, at Haleon's sole option, to: reject the Goods or Deliverables (in whole or in part) whether or not title has passed, following which Supplier must, within 5 working days, provide a full refund of the price of the rejected Goods or Services; require Supplier to, at Supplier's own cost, replace or repair the rejected Goods or to repeat performance of the Services within 5 working days of notice to that effect to Supplier (or such longer period as the parties agree); and/or cancel the Purchase Order and any other Purchase Orders and refuse to accept any subsequent delivery of the Goods or performance of the Services until the failure is cured.
- 8.2 If Haleon rejects any Goods, Services or Deliverables pursuant to clause 8.1 and Supplier disagrees, the parties will use their best endeavors to resolve the dispute and, if no agreement can be reached within 30 days, the dispute will be referred to an independent expert (not an arbitrator) selected jointly by the parties. The decision of the independent expert will be final and binding as to the dispute. Fees for the independent expert shall be borne by the party found to be in default.
- 8.3 In the event of a rejection (in whole or in part) or cancellation in accordance with clause 8.1 where Haleon does not require any replacement Goods or Services, Haleon will cease to be bound by any payment obligation in relation to the rejected or cancelled Goods or Services.
- 8.4 If Supplier fails to correct a fault or any non-compliance in accordance with clause 8.1, then in addition to its right to further reject the Good or Deliverable, this will constitute a material breach of the Agreement which is not capable of remedy and, without prejudice to any other rights and remedies that Haleon may have under the Agreement or otherwise, will entitle Haleon by notice to Supplier to terminate the Agreement immediately.

9 PRICE AND PAYMENT TERMS

- 9.1 The price for the Goods or Services is the price set out in the Purchase Order. The price is exclusive of VAT (where applicable by whichever nomenclature known locally) and, unless otherwise agreed in writing, inclusive of the costs of all Packaging, delivery and insurance.
- 9.2 Unless otherwise agreed, Supplier may invoice Haleon for Goods on or at any time after the completion of delivery in compliance with the Agreement; and for Services, upon completion of the Services in compliance with the Agreement. The correct Purchase Order number must be quoted on all invoices, and Haleon will accept no liability whatsoever for invoices, delivery notes or other communications that do not bear such Purchase Order number. Haleon reserves the right to require invoices to be issued electronically under the Agreement such that they will be delivered to Haleon via Haleon's electronic global trading platform as specified in the Purchase Order (the "*Haleon Invoicing Portal*"). Supplier will work with Haleon, or Haleon's nominated representative, and use reasonable efforts to ensure that Supplier is able to send invoices via the Haleon Invoicing Portal. Supplier will bear all implementation or operating costs incurred by it in complying with this clause.
- 9.3 Unless the invoice is disputed by Haleon or if the Goods or the Services have not been delivered or completed in accordance with the Agreement, Haleon will pay invoices within such period as specified in the Purchase Order, which term will run from the date of receipt of the relevant, accurate, complete and audit-worthy invoice by Haleon. VAT (or any other equivalent tax), where applicable, will be shown separately

on all invoices as a strictly net extra. If Haleon disputes invoiced sums in good faith, Haleon may withhold payment of the disputed sums (without prejudice to any other rights or remedies it may have) pending resolution of the dispute by the parties. Any payment for an undisputed *bona fide* invoice not received by the due date will be subject to an interest charge of 2% per annum above the base rate of Barclays Bank Plc base rate from time to time calculated from the date of notice of such late payment being received by Haleon.

9.4 Haleon reserves the right to set off any sums which Supplier owes Haleon under the Agreement or any other contract between the parties.

10 INTELLECTUAL PROPERTY RIGHTS

10.1 No Assignment. Haleon retains Intellectual Property Rights in, and ownership of all materials, plans, drawings, tools, data, the Specification, patterns or designs provided by Haleon to Supplier, and they will all be returned at any time in good condition to Haleon at Haleon's request or upon termination of the Agreement. Except as expressly stated in the Agreement, each party will retain all right, title and interest in and to its pre-existing IPR and any IPR developed or acquired outside of the Agreement ("*Background IPR*"). The Agreement does not convey any licence rights, either express or implied, to any IPR unless expressly stated in the Agreement.

10.2 Arising IPR. For the purpose of this clause "*Arising IPR*" means IPR in and to any Goods and Deliverables and all other IPR created under the Agreement or in connection with the Services but excluding any Background IPR.

10.3 Supplier Licence. Supplier hereby grants Haleon and its Affiliates a worldwide, non-exclusive, sublicensable (through multiple tiers), transferable, perpetual, irrevocable, fully paid-up, royalty-free licence to its IPR to the extent necessary for Haleon and its Affiliates to use, modify, develop, distribute or otherwise exploit the Deliverables and Goods and receive and enjoy the Services. If Supplier uses any third party IPR in any Deliverables or Goods or which is required for Haleon and/or its Affiliates to use, modify, develop, distribute or exploit the Deliverables or Goods, excluding Licensed Software, then Supplier will obtain Haleon's prior written consent before using such third party IPR and will also obtain (at no additional cost to Haleon) all necessary rights in the third party IPR to make the equivalent licence provided in this clause.

10.4 Haleon Licence. Haleon hereby grants Supplier a non-exclusive, non-transferable, revocable, fully paid-up, royalty free licence to Haleon's IPR to use, copy and modify such materials as are made available by Haleon to the extent necessary for Supplier to provide the Goods and Services and so far as Haleon is free and able to do so. Supplier has no right to sublicense the same, except as necessary to any approved Subcontractor and no right to reverse engineer, decompile or disassemble such Haleon materials, except as expressly permitted by Haleon.

10.5 Assignment of IPR Supplier will promptly disclose and deliver to Haleon, in writing, any inventions, works of authorship (including software), improvements, developments or discoveries conceived, authored, made or reduced to practice by or on behalf of Supplier, either solely or in collaboration with others, created under the Agreement or in connection with the Services. Arising IPR will be the absolute property of Haleon or Haleon's nominee (being the entity notified by Haleon to Supplier in writing from time to time), and to the extent that Arising IPR is capable of prospective assignment, Supplier hereby assigns absolutely with full title guarantee all right, title and interest in and to the Arising IPR to Haleon or Haleon's nominee together with: (a) all the rights, powers, privileges and immunities arising or accrued therefrom; (b) the right to apply for, prosecute and obtain registered design, patent or similar registered protection throughout the world with respect to the Arising IPR (or any part of it) (together with the right to claim priority from any patent applications) with the intent that the grant of any such protection will be in the name of and will vest in Haleon or Haleon's nominee absolutely; and (c) the right to institute and maintain proceedings for any infringement of the same, whether now, hereafter or which may have occurred before the date hereof including the right to claim and retain damages and other relief obtained as a result of such proceedings, free from any liens, charges, licences and encumbrances to hold unto Haleon or Haleon's nominee absolutely. Haleon or Haleon's nominee will be responsible for all patent filing, prosecution, maintenance, enforcement, and defence of Arising IPR. To the extent any Arising IPR cannot be assigned prospectively, Supplier will assign such IPR to Haleon or Haleon's nominee as and when they are created. The assignment of IPR under this clause 10.5 will take effect on the date of the Agreement in respect of any IPR then in existence, or as a present assignment of future rights that will take effect immediately on the coming into existence of the Arising IPR, as appropriate.

10.6 Supplier Personnel and Subcontractors. Supplier will only use Supplier Personnel that have waived their moral rights in respect of any Deliverables and have terms in their employment contracts and any other agreements with Supplier that give effect to this clause 10.

10.7 Further Assurance. At Haleon's request and expense, Supplier will do, and will ensure that its Personnel will do, all things reasonably necessary, including executing any additional documents, to implement and give full effect to this clause and to evidence, perfect or protect Haleon's rights in the Arising IPR and to cooperate with Haleon in the filing, enforcement, defence and prosecution of any Arising IPR.
